The Rule of Law

Ethical issues are explored within the context of state and religious law so that pupils are able to make a clear distinction between the law of the land and religious laws. Students learn that British citizens have a freedom to choose and hold other faiths/beliefs and that this entitlement is protected by law. Students are fully aware of our school behaviour policy which is well publicised to all of our community members.

Democracy

Our students acquire a broad general knowledge and respect for public institutions and services in England via our PSHE programme which enables our students to understand and appreciate governmental process within a modern democratic society. Students at St Mary’s respect democracy and engage in democratic processes via an annual student council election process and subsequent pupil voice opportunities. In PSHE pupils learn that there is a separation of power between the executive and the judiciary, and that while some public bodies such as the police and the army can be held to account through Parliament, others such as the courts maintain independence.

Mutual Respect

Our mission statement is one that is wholly inclusive of all community members. Students accept responsibility for their behaviour, show initiative, and understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely via our numerous charity events which are developed and implemented by the student body. For example, our students have supported local elderly and SEN community members for a good number of years and our annual shoe box appeal consistently generates an impressive collective response from the student community.

Via our Religious studies programme and assembly programme, pupils appreciate that every person is unique and created in the image of god. Mutual respect is encouraged in our behaviour policies which tackle issues of bullying and e-safety. Our students are actively encouraged to present themselves with courtesy and exhibit good manners at all times.
