

Super-curricular Enrichment opportunities 2016-17

Our new Gifted and Talented policy seeks to embrace Growth Mindset and to open the majority of our super-curricular and extra-curricular opportunities to all students.

As detailed below, we have a wide variety of opportunities planned for the current school year. Please note that some of these will be available only at certain times of the year and some will not be introduced until 2017. The student bulletin gives a list of the clubs running each week.

Please note that the list below is not exhaustive and does not include the many non-academic enrichments provided such as trips, many of which involve entire cohorts, retreats, service to the school and local community, Careers Advice and Guidance, practice interviews or Duke of Edinburgh Award.

Year 7

<u>MATHS : JMC (summer term)</u>
