

Further Mathematics

Subject Leader: Mr C. Palmer
Exam Board: Edexcel
A Level

Please note: Students are only allowed to study Further Mathematics if they are also opting for Mathematics.

Further mathematics involves a more in depth study of the subject. As well as studying A Level Maths, students will follow a course in Further Pure and Decision Maths. Areas of study will include: further calculus, differential equations, further vectors and inequalities.

Studying Further Mathematics boosts students' performance at A level Mathematics. Further Mathematics qualifications are prestigious and are strongly welcomed by universities for numerate disciplines.

Those who study this subject are demonstrating a strong commitment to their studies and overwhelmingly find it enjoyable, stimulating, rewarding and an empowering experience. Further Mathematics qualifications are highly regarded and are warmly welcomed by universities. Students who take Further Mathematics are really demonstrating a strong commitment to their studies, as well as learning mathematics that is very useful for any mathematically rich degree. Some prestigious university courses require you to have a Further Mathematics qualification and others may adjust their grade requirements more favourably to students with Further Mathematics.

Method of Assessment:

There are four papers at the end of year 13: Further Pure 1 and 2 and Further Option 1 and 2 (all 1.5 hours)
